INTRODUCTION

Welcome to the second running of the NHMC Cadwell Stages Rally to be held on Sunday 15 November 2015 at Cadwell Park Race Circuit near Louth (LN11 9SE) promoted by North Humberside Motor Club Limited in association with MSV.

The excellent tarmac circuit, together with tarmac infield tracks hosts the rally. The rally is the 2nd round of the new Motorsport News Circuit Rally Championship in association with MSVR sponsored by Coronado Controls featuring the Michelin Cup. Furthermore, there are only two stages rallies at Cadwell Park in a calendar year and we expect entries to fill quickly.

In addition to the Motorsport News Circuit Rally Championship in association with MSVR the event is a round of the Roadrunner Phoenix Awards ANEMMC Sealed Surface Rally Championship 2015 (supported by Pantry Catering and Slicks Tyres), the Alexander Calder Financial EMAMC Single Venue Stage Rally Championship 2015 (supported by Slick Tyres) and the ANWCC Stage Rally Championship.

The Kick Energy Junior 1000 Rally Championship NHMC Cadwell Stages Junior Rally also runs on the same day over similar special stages.

Entry is open to members of member clubs of four Regional Associations: ANCC, ANECCC, ANEMMC, and EMAMC and registered contenders in the ANWCC Stage Rally Championship. The NHMC Junior Rally 2015 is only open to registered contenders in the Kick Energy Junior 1000 Championship.

We offer an easy entry fee payment method to assist competitors.

The event will be run over 100% sealed surfaces. The entry will be restricted to 85 starters and we have classes for Road rally cars and Historic rally cars. The later stages may run in darkness.

The circuit's usual toilet and catering facilities will be available during the event. Free camping will be available on the venue on the Saturday evening for any competitors or service crew who would like to stay.

We do not want to jeopardise use of Cadwell Park as a rally venue and we remind you that no noisy cars will be allowed to start the event. MSA noise levels will be strictly enforced throughout the event. We ask that you pay particular attention to the reference to backfiring in paragraph 10 of these regulations.

We are organising a Track half-day at Cadwell on the Saturday morning. Further details will be available on the event web-site (because of an age stipulation the Track half-day is **not** available to members of junior rally crews).

The organising team look forward to meeting you and hope that you have a very enjoyable and safe day's motor sport.

Clerk of the Course

Competitors will be supplied with sketch plans of each stage, which will not be to scale. Arrows, chicane diagram boards and numbered locations will physically define the correct route. The onus is on the competitor to follow the correct route at all times. If there should be any conflict between the arrowed route and that shown on the stage plan, the arrowed route shall be deemed to be correct. Before, during and after the event, official notices may be displayed on the **Official Notice Board** and every competitor will be

deemed to have read those notices and be bound by them. The location of the **Official Notice Board** will be supplied with the final instructions (GR R.2.8.1).

19 SHORTCUTTING

Short Cutting is defined as follows:

“The placing of a competing vehicle such that one or more road wheels come into contact with cultivated grass at either side of the stage access road or driving off the otherwise defined stage route or access road, i.e. through straw bales, road cones or other like barriers, and in doing so to drive a course that is not as the organisers intended whether the course is longer or shorter than the intended route and irrespective of whether any gain was made”.

This definition covers the entire venue from the arrival of the first competitor to the departure of the last. NON-COMPETITIVE SECTIONS ARE SPECIFICALLY INCLUDED.

21 TIMING

The event is a target-timed event (GR R.31.2.1) comprising main time controls, arrival controls, stage start / finish controls and passage controls. Apart from due time at Main Time Control 0 (MTC 0) which will be issued to you at signing on, all other due times for subsequent arrival controls will be issued at the passage control (Time Card Collection) following each stage finish control. The organisers will automatically calculate any stage delay times. Competitors will be required to reduce any lateness as per GR R.32.1.1. In

the event of any retirements, competitors will be required to close gaps in the running order.

Controls will open at the due time of car 1 and close 5 minutes after the due time of the last competing car. Competitors reporting to a stage arrival control more than 5 minutes after their due time will be deemed not to have visited that control.

Stage Time penalties: Minimum penalty = Bogey time (GR R.32.1.2)
 Maximum penalty = Target time

To be classed as a finisher, a competitor must report to all controls listed in the road book and report to the final control, within the maximum lateness specified, with the same crew in the same car in which they started.

24 STAGE START PROCEDURE

The starting signal for Special Stages will be either a set of traffic lights driven automatically from the start clock or a flag. For stages using a flag as the starting signal, the starting procedure will be as GR R.25.7 but with countdowns starting at 15 seconds due to starting intervals of 30 seconds. The starting procedure (including the sequence of lights on the traffic lights) if the start is by automatic traffic lights will be specified in an Official Instruction.

False starts will be penalised as SR 20: 1 minute per offence.

All vehicles must carry an SOS/OK board and in the event of an accident, where urgent medical assistance is required, the SOS board must be displayed to following competitors; in the event of an accident where assistance is not required the OK board must be

displayed. Any competitor seeing an SOS board displayed must stop at the incident (GR R.25.4.2). Detailed procedure at an incident will be specified in the Road Book.

27 SERVICING

Servicing is defined as work carried out by someone other than a competing crew, or the use of parts or tools not carried in a competing car. There will be a service area set aside where this work may be carried out (GR R.38). The behaviour and conduct of the service crew is the responsibility of the competitor and any contravention of the regulations by the service crew will be dealt with (Chart 32.2). You are reminded that the service area is not a test track and the warming of tyres/brakes etc is forbidden. It is suggested that all crews take great care when working on their cars. If using a jack, axle stands are recommended, when working on fuel systems, the battery should be disconnected. All service vehicles are requested to carry a working fire extinguisher.

Space is limited on this venue and only one service vehicle per competitor will be allowed in the service area, all other vehicles must be parked to the organiser's instructions. Details will be given in the final instructions.

Competitors are reminded that **ALL** persons entering the venue having connection with their entry are subject to the rules and regulations governing service and service personnel.

34.2 ALL AREAS OTHER THAN THE SERVICE AREA AND PUBLIC AREAS ARE OUT OF BOUNDS. Any person found in an out of bounds area will be removed from the venue. Any area with a PROHIBITED AREA sign displayed is also defined as an out of bounds area, whether deemed a public area or not. Person(s) found in areas deemed out of bounds may cause the entry with which they are associated, or have entered the venue, to be deemed to be in contravention of R.38.1.3 and will be subject to a penalty up to and including EXCLUSION from the event.

34.3 Water, hot food and drink will be available throughout the day.

34.4 **RALLY ENGINES MUST NOT BE RUN BEFORE 08:30 OR AFTER 18:45.** This is an MSV requirement so please assist us by keeping all noise outside the above times to a minimum. Failure to comply with this requirement will be subject to a penalty up to and including EXCLUSION from the event.

34.5 The speed limit in the service area, all public areas and special stage entrance / egress routes is 10 mph (unless 5 mph signage is displayed). No tyre, transmission or brake warming is permitted. Any competitor exceeding the 10 mph speed limit will be subject to a penalty up to and including EXCLUSION from the event.

34.6 Trailers must be parked in the designated trailer parking area, not in the service area.

34.7 The use of paddock bikes, quad bikes and similar vehicles is not permitted. Failure to comply with this requirement will be subject to a penalty up to and including EXCLUSION from the event.

34.8 All rubbish must be placed in the bins provided. All waste oil must be placed in the containers provided. All used tyres and fuel containers must be removed from the site for safe and legal disposal. Any such items not removed will be disposed of by MSV at the relevant entries cost.

34.9 Pegs and stakes must not be hammered or inserted into any tarmac surface. Fuel, oil, paint or chemical substances must not be deposited onto any surface. Ground sheets must be used for all servicing activities and spill kits must be provided. Any entry that damages any tarmac surface may be excluded from the venue and shall on demand reimburse MSV for the total cost of rectification of any such damage.

34.10 Any competitor causing damage to third party property will be liable for the total cost of rectification of such damage. Where such damage is covered by the MSA insurance policy, the competitor will be liable for the policy excess, currently £350. Competitors should be aware that the MSA insurance policy does **NOT** cover damage to safety barriers, marshals' posts, other course installations, and damage to road and land surfaces (Blue Book, Appendix 2, section 8).
