INTRODUCTION

Welcome to the sixth running of the NHMC Cadwell Stages Rally to be held on Sunday 17 November 2019 at Cadwell Park Race Circuit near Louth (LN11 9SE) promoted by North Humberside Motor Club Limited in association with MSV.

The excellent tarmac circuit, together with tarmac infield tracks hosts the rally. The rally is the 2nd round of the Motorsport News Circuit Rally Championship in association with MSVR, featuring the Michelin Cup and the Protyre Challenge. Furthermore, there are only two stages rallies at Cadwell Park in a calendar year and we expect entries to fill quickly.

In addition to the Motorsport News Circuit Rally Championship in association with MSVR the event is a round of the Wemix Concrete Ltd EMAMC Stage Rally Championship and the ANWCC Stage Rally Championship.

Entry is open to members of member clubs of four Regional Associations: ANCC, ANECCC, ANEMMC, and EMAMC and registered contenders in the ANWCC Stage Rally Championship.

The event will be run over 100% sealed surfaces. The entry will be restricted to 90 starters. The later stages may run in darkness.

The circuit's usual toilet and catering facilities will be available during the event. Free camping will be available on the venue on the Saturday evening for any competitors or service crew who would like to stay.

We do not want to jeopardise use of Cadwell Park as a rally venue and we remind you that no noisy cars will be allowed to start the event. Motorsport UK noise levels will be strictly enforced throughout the event. We ask that you pay particular attention to the reference to backfiring in paragraph 10 of these regulations.

We shall be running a track half-day at Cadwell Park on Saturday 16th November – details will be on the event's web-site (<http://www.nhmccadwellstages.org.uk/>).

The organising team look forward to meeting you and hope that you have a very enjoyable and safe day's motor sport.

Clerk of the Course

21 TIMING

The event is a target-timed event (GR R.31.2.1) comprising main time controls, arrival controls, stage start / finish controls and passage controls. Apart from due time at Main Time Control **1** (MTC **1**) which will be issued to you at signing on, all other due times for subsequent arrival controls will be issued at the passage control (Time Card Collection) following each stage finish control. The organisers will automatically calculate any stage delay times. Competitors will be required to reduce any lateness as per GR R.32.1.1. In the event of any retirements, competitors will be required to close gaps in the running order.

Controls will open at the due time of car 1 and close 5 minutes after the due time of the last competing car. Competitors reporting to a stage arrival control more than 5 minutes after their due time will be deemed not to have visited that control.

Stage Time penalties: Minimum penalty = Bogey time (GR R.32.1.2)
 Maximum penalty = Target time

To be classified as a finisher, a Competitor must report to all controls listed in the Road Book except as provided for in 32.2 (a) where two-thirds of the stages must have been completed and report to the final control within the maximum lateness specified, with the car in which they started. Note that in calculating two-thirds of the number of stages, any fractions will be rounded down (for example, two-thirds of 8 will be taken to be 5).

22 NOTICES

All official signboards and arrows are mandatory.

23 CONTROVERSY

Should controversy arise over a section, the organisers reserve the right (*'Force Majeure'* notwithstanding) to cancel the section from the results if they deem it fairer to do so. All official times and mileages are deemed to be correct and are not subject to protest.

24 STAGE START PROCEDURE

The starting signal for Special Stages will be either a set of traffic lights driven automatically from the start clock or a flag. For stages using a flag as the starting signal, the starting procedure will be as GR R.25.7 but with countdowns starting at 15 seconds due to starting intervals of 30 seconds. The starting procedure (including the sequence of lights on the traffic lights) if the start is by automatic traffic lights will be specified in an Official Instruction. False starts will be penalised as SR 20: 1 minute per offence.

Any competitor seeing an SOS board displayed must stop at the incident (GR R.25.4.2). Detailed procedure at an incident will be specified in the Road Book.

27 SERVICING

Servicing is defined as work carried out by someone other than a competing crew, or the use of parts or tools not carried in a competing car. There will be a service area set aside where this work may be carried out (GR R.38). The behaviour and conduct of the service crew is the responsibility of the competitor and any contravention of the regulations by the service crew will be dealt with (Chart 32.2). You are reminded that the service area is not a test track and the warming of tyres/brakes etc. is forbidden. It is suggested that all crews take great care when working on their cars.
